## DID YOU KNOW?

Boa constrictors do have eggs... however they hold them inside their body until the young are ready to hatch, making it look like live birth

It's called  
**ovoviviparous**

When you adventure through The Gruffalo Discovery Land at Twycross Zoo you will discover Owl in his treetop house...

## DID YOU KNOW?

Great grey owls don't lay their eggs in boxes. They prefer to build their nests on large platforms, which they lay their eggs on
